• Our Mission •

Through teaching children the enjoyment of physical activity and being positive role models, we seek to glorify God. Our innovative instructional design ensures a well-balanced program of traditional basics and advanced skills. All classes for 6 yrs & younger are designed with an emphasis on "Movement Education" - Dance, Gymnastics, and Cheerleading skills will be taught, but are not the main focus. Having fun, mastering the basics, and developing a love for their sport are incredible accomplishments and that is what our staff strive to instill in our younger students. All students are encouraged to develop to their potential at their own pace. GymKix is affordable, healthy, educational, fun, and safe! *We look forward to creating a lifetime of memories with your family!*
