Gino Tibon Sensei

Sensei Tibon teaches a variety of fighting arts. GOJU means hard soft style of Karate. We use the Hard style of Okinawa/Japanese straight line fighting and the Soft style of Chinese Kempo and that which is angular or circular movements. Goju Ryu therefore has the best of both fighting traditions of Okinawa and Chinese. We combine jamming, isolation, and parry combinations into a single fighting form. We also utilize the talents of other arts of self-defense for completeness to adapt to any attack on the streets.

Gino Tibon is a fourth generation martial artist and a 3rd degree black belt, and oldest son of Gene Tibon 6th degree founder of Tibon's Goju Ryu Karate Organization. Karate has been an intricate part of his life for as long as he can remember. **Gino's experience and honors include;** 7 yrs USA National Karate Team Member, Member FISU University World Championships Kyoto, Japan, Team USA to the Paris Open in Paris, France, the PKF Pan- American Karate Championships Dominican Republic Silver medalist, winner of multiple medals at USA National Federation's National Championships, named to the Men's World Cup in Philippines 1997, trained at US Olympic Training Center in Lake Placid New York, and Inducted to the Mexican Sports Hall of Fame 2008.
